

ENERGY POLICY

Indo-MIM pledges to conserve energy consumption in its entire value chain thus aligning to Indo-MIM's long term environmental and economic sustainability of its operations by effectively implementing Energy Management System (EnMS) and enable its stakeholders to contribute to the EnMS with initiatives, ideas and render their fullest potential

Indo-MIM will commit to work to conserve energy relentlessly by

- Enhancing the employees skills and competences
- Always procure and utilize energy efficient products and systems
- Promote use of renewable energy resources and alternative fuels
- Continually improve the performance on the energy conservation
- Monitoring and reviewing energy conservation projects and aligning them with business objectives and targets
